Dyalog Ltd recently announced the 11th annual APL Problem Solving Competition.

APL is a high level language available both in free and commercial versions. For information on Dyalog Ltd's implementation of APL, see <http://www.dyalog.com>.

Dyalog Ltd invites students worldwide to put their programming and problem-solving skills to the test by using any APL system to develop solutions to ten questions and solve a series of problems. This is a contest for people who love a challenge and learning new things for fun, with the added bonus that you can win one of 18 cash prizes totalling \$6,500, including a grand prize of \$2,500 and a trip to Denmark to attend the annual [Dyalog Ltd user meeting](#) in September 2019. You have until 26 July 2019 to submit your entry. For the rules, eligibility criteria and to enter, go to <http://www.dyalogaplcompetition.com/>.
